Race Procedures

### Entry Fee Info

- \$100 entry fee if entered prior to August 7th, 2022 at 4:00 PM. The entry fee will be raised to \$125 until race day, on race day the entry fee will be \$150.

### Qualifying Procedures

- Drivers will pill draw for qualifying order when they register to be scored.
- All cars must be staged prior to the allotted time on the schedule or the late car(s) will only receive one lap.
- Qualifying will be single car, two lap runs. Drivers will not receive a dead lap. The first time across the line will be a green flag, then white, then checkered.
- After completing your qualifying run you must enter the pits in turn four and then head straight to the impound area (Front Pit Road).
- No crews are allowed in the impound area other than to remove tape and adjust air pressure. Any other adjustments will void your qualifying times. Only one crew member per car.

### Feature Race Procedures

- 50 green flag laps.
- Under cautions you may add fuel, make suspension adjustments, swap tires around (no new tires can be added), and adjust air pressure.

- If you enter the pits during a yellow, you will line up on the tail end of the lead lap that you were scored on upon entering. You can not lose a lap under yellow.
- Restarts will be lined up via the cone in the main event only. Driver's will decide to line up on the inside or outside of the cone on one to go and that will decide which lane they grid in for the upcoming restart. Restarts will be under the leader's discretion of when to fire in the restart zone in turn four.
- If needed, there will be an unlimited amount of green white checkered finishes to determine a winner. The race will not end under yellow.
